

# Decision On School Plan May Be Made

By Tim Greene

## Tourney Tension

There were some tense moments during the finale of the Christmas holiday basketball tournament at Merrimack College last week, but the efforts of Andover's cheerleaders assisted the Golden Warriors to their third straight title with a close win over North Andover. Among those spurring the fans on to victory were, from left, Carole Solomon, Sue Petrella. Other photos, page 25.

The school committee is scheduled to meet tonight to hear public comment on two school building project matters: which grade organization to use for the project, and which elementary school to convert to a secondary school.

The committee will meet at the large group room of the high school at 7:30 p.m., with West Junior High auditorium being held open in case of a large turnout.

School Committee Chairman Elaine Viehmann said Monday that she expected a decision on the grade organization at tonight's meeting. "I assume that the committee will be ready to make that decision," Viehmann said, "since they almost made it the last time," referring to the committee's Dec. 18 meeting.

Consideration of the school conversion question will be delayed, Viehmann said, pending further conversion-cost estimates by project architects Perly F. Gilbert Associates of Lowell.

The grade organization decision will determine how to divide the grade levels kindergarten through 12 into elementary, junior high or middle school, and high school.

Organizations being considered are the present system, called the 6-3-3, and a system which would use a middle school instead of a junior high, called the 5-3-4.

An informational presentation by the school administration is scheduled to be presented at tonight's meeting to explain the educational difference between the two systems and the advantages of each. The administration issued a statement in November 1979 which said it preferred the 5-3-4, "if the staff had a clear preference."

Cost estimates for the 6-3-3 plan run cheaper than those for the 5-3-4. School Building Committee Chairman Kenneth Gropper set the 6-3-3 plan capital costs at approximately \$7.4 million, and the 5-3-4 capital costs at approximately \$9.1 million.

Town Manager Jared S. A. Clark set higher estimates for both plans, with the 5-3-4 still being the more expensive. Estimated capital costs for the 6-3-3 were \$8.3 million and for the 5-3-4 were \$10.3 million, according to Clark.

Gropper said that all costs have to be looked at, "not only the initial capital costs." He said the operational costs, both immediate and long term, should be considered to achieve "the best educational program that is cost-effective."

Operational costs include transportation and heating bills.

The 6-3-3 plan calls for: the closing of East Junior High as a school; converting South, Sanborn or Doherty into a junior high; adding an auditorium to the high school, equalizing gymnasium and locker room facilities for boys and girls, and

modifying art room facilities.

The 5-3-4 plan calls for: closing East Junior High and Shawsheen Elementary as schools; converting South, Sanborn or Doherty into a middle school; adding classroom space to the high school for 400 students, adding an auditorium to the high school, equalizing gymnasium and locker room facilities for boys and girls, and modifying art room facilities.

Architects were working this week to develop comparative cost estimates for conversion of South, Sanborn and Doherty based on junior high school educational specifications according to architect Gerry Dion.

Relative cost estimates of those junior-high conversions apply to the relative cost estimates of possible middle-school conversions, Dion said: whichever school would be most expensive to convert to a junior high would also be the most expensive to convert to a middle school, he said.

The schematic drawings being developed are based on junior high school educational specifications provided by the school administration.

Dion said the comparative estimates will be available "no sooner than next Thursday," Jan. 10.

When the estimates have been reviewed, the school committee will vote on which elementary school to convert. That school will probably be the one closed before September due to declining enrollments, the town manager has said.

Clark said Friday that he has asked the department of public works to estimate the cost of improvements to streets near the South School. Parents from the area had expressed fears that roads leading to the school are too dangerous now to allow junior high or middle school students to walk to school on.

The improvements would be made to Ballardvale Road between Woburn Street and Sunset Rock Road, and to Woburn Street between Abbot Street and Enfield Drive.

Those two stretches of road which now arch from side to side, would be rebuilt,

## History Presentation Sunday

This month the Andover Historical Society continues its First Sunday Series with a slide-tape program entitled "History is All Around Us." Scheduled to be shown at 2 p.m. and 3 p.m. on Sunday, Jan. 6, the program was developed by the Massachusetts Historical Commission for its booth at the Eastern States Exposition.

It focuses on the National Register program in this state, a program which identifies the nation's buildings, structures and sites important to our history, culture, architecture and archaeology. The show illustrates a variety of Register sites, from 14 Massachusetts counties, showing that every community has something worth recognizing and preserving.

The program lasts approximately 40 minutes with general background given on each of the 65 properties shown.

The Andover Historical Society is a non-profit educational institution open to both members and public. For information on open hours, exhibitions, tours, special events, and membership, call the Society office, open 9-5 Monday through Friday.

More than 3.3 million persons obtained public or private employment or training services through Comprehensive Employment and Training Act (CETA) programs during the 1978 fiscal year, according to the annual report of the U.S. Department of Labor.

## No Right On Red In Andover

It is still illegal to turn right on a red traffic signal in Andover, despite the so-called "right on red" legislation which went into effect Tuesday.

None of the lighted intersections in Andover met state requirements

for the right on red option, and all have been posted with "No Right Turn On Red" signs.

Minimum fine for violating the no right turn on red was set at \$100 by the state legislature.

## School Plan Hearing Tonight

A hearing to obtain public opinion regarding school plans will be held tonight at 7:30 in the large group room at Andover High school.

While no decisions are expected to be reached tonight by the school committee, the board will hear

viewpoints on which elementary school to convert to a middle school, if that option is selected, as well as listening to opinion on the relative merits of a 6-3-3 or 5-3-4 grade organization for the schools.

## State Funds Distributed

Andover recieved \$418,828 in the latest distribution of state reimbursements.

The amount, distributed by the

state Department of Revenue last week, was from the highway, lottery, additional assistance funds.

## It's Loam Not Loan

Funding for new playing fields at the former sanitary landfill site are available, having been appropriated by Spring town meeting.

Town Manager Jared S. A. Clark told the Townsman this week that loam, not a loan, had been un-

available to begin work on the proposed play fields.

It was inaccurately reported last week that the manager said that "funding for the playground planned for the old sanitary landfill is unavailable."

## Flag Policy Considered

A policy governing the flying of the American flag in front of town buildings is being considered by selectmen.

The proposed policy will spell out when the flag should be displayed and when it should be flown at half mast.

A draft of the proposed policy was presented to selectmen in December, but was sent back for revision to Town Manager Jared S. A. Clark. The revised draft is scheduled for presentation this month.

## Exhibits At Marblehead

Bette Wasserboehr

Local artist Bette Wasserboehr will be exhibiting her paintings with the Cape Ann Watercolor Painters at the Marblehead Arts Association during the month of January.

The Cape Ann Watercolor Painters are made up of well known artists on the North Shore, Cape Ann and New

Hampshire who meet on Cape Ann once a week and "paint up a storm" on beaches, cliffs, streets at quarries and boatyards, on foggy sunny and even cold days from September through June. On rainy days still lifes are painted.

There will be a reception open to the public at the Marblehead Arts Association, 8 Hooper St., on Jan. 6 from 3-5 p.m. The exhibit is open Tuesdays through Sundays 1-4 p.m.

## Receives Government Award

The U.S. Department of Transportation has conferred one of the federal government's highest awards on Dr. Robert H. Reck of 35 Farrwood Drive in Andover for his work on national transportation planning programs at DOT's Transportation Systems Center in Cambridge.

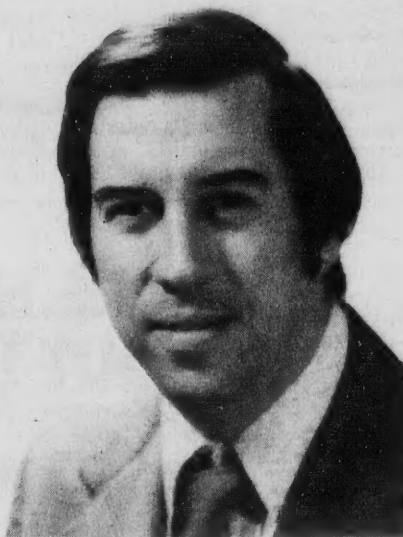

Dr. Reck was awarded the Bronze Medal by the Department for "superior direction of the Transportation Systems Center's (TSC) integrated planning and evaluation process."

TSC is a major research and development facility for the Department of Transportation and carries out national R&D programs for all modes of transportation — air, highway, rail, urban transit, maritime and pipeline.

As Chief of the Plans office at TSC, Dr. Reck administers a wide variety of policy and technical programs at the Center that are associated with the nation's various transportation systems.

He formerly served TSC as its executive assistant, worked on national rail and freight movement projects, and directed an Advanced Air Traffic Management System study.

Prior to joining TSC in 1973, he was employed by the Mitre Corporation in Bedford, working on systems engineering

Dr. Robert H. Reck

and analysis of satellite, radio navigation, air traffic control and instrument landing systems.

Dr. Reck received his B.A. degree from the University of Delaware, M.A. from the University of New Hampshire, and his doctorate in Electrical Engineering from the University of Denver.

Active in local civic improvement organizations, he is a former Chairman of the Andover Chapter of the American Red

Cross and served as a member of the Chapter's Board of Directors.

He is married to the former Virginia Ann Perry of Andover, and has two children, Jody 10, and Jennifer 8.

# Bank Staff Changes Announced

Five members of the Andover Savings Bank staff were elected to Assistant Treasurer positions at a recent Corporation meeting according to bank President, Robert M. Henderson.

The new assistant treasurers are: Jo-Anne L. Giuffrida, East Haverhill Street, Lawrence; Marion Heinrich, Glen Road, Methuen; Felicia Lawrence, Moraine Street, Andover; Joseph Longo, Wyman St., Woburn; Linda Payne, Woodland Road, Wakefield.

Ms. Giuffrida has been with the bank for four years starting as a teller and is presently a floating branch manager. She lives with her parents. She attended Lowell State and is an alumni of American Institute of Banking.

Ms. Heinrich, a member of the staff for 15 years is presently manager of the

customer service department at the bank's Andover office. Heinrich lives with her mother and is currently attending a Program for Supervisory Personnel.

Ms. Lawrence, with the bank for eight years, began her career as a teller and is now the manager of the savings department. She is an active member of the Middleton Congregation of Jehovah's Witnesses and an alumni of the American Institute of Banking.

Longo, manager of the Savings Bank Life Insurance Department, has been with the bank for one year. Longo lives with his wife and two children. An active member of the Mass. SBLI Council, he has had a record breaking year of increased sales for the bank.

Ms. Payne has been with the bank since 1964 and is now manager of the Mortgage

Servicing Department. Payne has completed several American Institute of Banking courses.

In other staff changes recently announced, Elaine Batcheller, Washington Park Drive, Andover, has been appointed to the new position of manager of the proof department. She has been with the bank for 31 years, and is an active member of the Savings Bank Women's Organization.

Anne Curren, Chadwick Street, North Andover, has become branch manager of the bank's North Andover office. Curren has been with the bank for 13 years and is First Vice President of Credit Women's International.

Eleanor Murad, Emsley Terrace, Methuen was appointed to the position of branch manager at the bank's Broadway, Methuen office. She has been a member of the bank's staff for four years and is an active participant in the Savings Bank Women's Organization.

## Dr. Harvey Is King Speaker

Dr. William R. Harvey

Dr. William R. Harvey, president of Hampton Institute, will deliver Phillips Academy's 1980 Martin Luther King Address on Friday, Jan. 11. The lecture, part of the Academy's Friday Forum series, will begin at 8 p.m. in the Kemper Auditorium at Phillips Academy and is open to the public.

Dr. Harvey was graduated, in history, from Talladega College in 1961 and won the Woodrow Wilson "Martin Luther King" Fellowship from Harvard University, where he earned his doctorate in college administration. At Harvard he joined the university administration and also served a two-year internship as administrative assistant to the president of Fisk University; after receiving his degree, he became Tuskegee Institute's vice-president. In July, 1978, Dr. Harvey assumed his duties as twelfth president of 112-year-old Hampton Institute in Virginia. Founded just after the Civil War to provide higher education for blacks, Hampton, now interracial although predominantly black, serves a

coeducational student body of 2800. Dr. Harvey has published articles in the Harvard Educational Review, Columbia University's Teacher College Record and other journals.

Friday Forum, sponsored by Phillips Academy's Department of History and the Social Sciences, is a series of events on public affairs.

### Traffic Suggestions

To the Editor of the TOWNSMAN:

I note an alarming proliferation of "No Turn on Red" signs popping up like toadstools all over Town, in anticipation of the new law, taking effect on January 1. It would appear to me that many of these signs are being put up with little thought and reckless abandon, perhaps in a regulatory frame of mind. This prohibition, where there is little discernable effect on public safety, defeats the purpose of the law and would appear irresponsible in this age of fuel shortage. Time spent idling at a red light, when no traffic is visible in the other direction, wastes energy needlessly. Zero miles per gallon is difficult to justify when no useful purpose is thus achieved. I suggest you also consider expanding hours at which many lights can be changed to blinking red and blinking yellow.

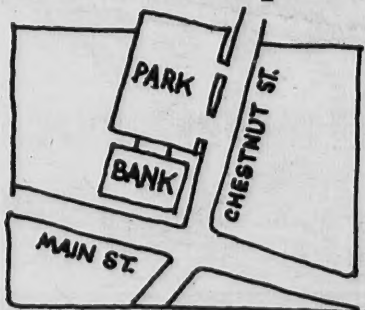

I might further suggest that some cool objective heads be set to determine how many intersections in Town could be changed from "STOP" signs to "YIELD" signs, as there are similar economies in

fuel consumption in accelerating from four or five miles an hour as compared to accelerating from a dead stop. In many circumstances, it is actually safer to be entering an intersection at five to ten miles an hour than at slower speeds, when no traffic is approaching from within the statutory limits of distance.

I am aware that certain roads are also under the jurisdiction of the Commonwealth, and that such decisions may not be purely at the discretion of Town Officials. I would welcome your forwarding copies of this letter to appropriate State Officials, as well, though I have written a separate letter on the subject to the Governor. A similar suggestion was made to President Carter on his recent Sunday Telethon, and seemed to be well received by him on first consideration.

## Lay Ministry Program Continues At Church

The second session of the Andover Lay Ministry Seminary at the South Church commences on Wednesday evening, Jan. 9, 1980 at 7:30 p.m. at the church. Two courses, open to all interested persons, are being offered. Dr. Gordon D. Fee of the Gordon-Conwell Theological Seminary will conduct a 12-week course entitled "Introduction to the New Testament," being an overview of all books in this section of the bible. The pastors of South Church, Dr. Westy A. Egmont and David T. Melvin, will also be offering a 12 week series on the subject of "Sharing God's Truths."

Dr. Fee has been professor of New Testament at Gordon-Conwell since 1974 having previously taught at Wheaton College, Illinois, and at South California College. He earned his B.A. and M.A. degrees at Seattle Pacific College and his Ph.D. at the University of Southern California. His field of specialty is New Testament textual criticism and exegesis.

Since 1970 Dr. Fee has been actively associated with the International Greek New Testament Project which serves to bring together into published volumes all available evidence for the text of the New Testament. He is a member of the Society of Biblical Literature and of Phi Kappa Phi. Known for his enthusiasm in the classroom he is a frequent lecturer in

Dr. Gordon D. Fee

churches, on college campuses and at Youth Conferences.

Registration for the courses may be made by calling the church office or at the opening session on Jan. 9.

## Kiwi Group To Address Meeting

The Merrimack Valley Monthly morning meeting of the Christian Women's Club will be held on Tuesday, Jan. 8, at the Andover Country Club from 10 to 12 noon.

The special feature guest, Mrs. Beverly Sinatra, who is a Kiwi Sales representative for American Airlines, will be a demonstration on the magic art of packing for a weekend of visiting or traveling. Beverly Sinatra is a former flight attendant who is now an active member of the Kiwi Club. Kiwis have been designated by American Airlines to speak to clubs and organizations, present travel tips and packing demonstrations, show slides and films on Americans' glamorous

destinations, and act as ambassadors of goodwill for the travel industry.

The guest speaker will be teacher Kay McDowell. Special music will be provided by soloist Joyce Sanborn.

For reservations or further information contact Mrs. Ernest Truax of Andover. Free nursery services are available.

## November Club Meets On Monday

The November Club will hold its January meeting at the club house on Locke Street on Monday, Jan. 7. Members will be greeted by Mrs. Stanley Preston and Mrs. Miles Pendleton. Pourers for the tea to be served at 1:15 p.m. will be Mrs. Ralph H. Hill and Mrs. Chester Rogers. Mrs. Charles MacKenzie will arrange the centerpiece.

President Mrs. John T. Bangert will conduct a short business meeting before the program for the afternoon.

George Michael, well-known authority and appraiser of antiques will present "The Culture and Arts of Historic Russia" from his extensive travels in that country. His slides and talk will cover the subject of pre-revolutionary Russia and the present day. Michael began his career as an auctioneer and is now a teacher, lecturer and author on the subject of antiques. He is also a consultant for many museums, historical societies, art centers and magazines. He has been active in presenting information about antiques through his television series, four books and various university courses as well as his lecture work.

#### Memorial Book Collection On Display

A collection of new books purchased with funds received in memory of Lillian Mellett is now on display at Memorial Hall Library. Reflecting the interests of Mrs. Mellett, the books include biographies, poetry, collections and histories. All books in this display are available for borrowing by patrons.

Constance Gilmore  
January Artist

Constance Gilmore of 109 Dascomb Road, Andover, is the January artist at

Memorial Hall Library. On display for the month are Mrs. Gilmore's latest creations — a series of flower paintings rendered in oil on gesso.

A graduate of Massachusetts College of Art, she has been both a commercial and free lance artist. Besides being a talented portrait painter, for many years she has done restoration work on old paintings for antique dealers and private owners. A member of the Andover Artists Guild, Mrs. Gilmore as exhibited at the Addison Gallery with the Mill Studio Group.

#### Sweaters

A light, long-sleeved sweater equals almost two degrees in added warmth; a heavy, long-sleeved sweater adds about 3.7 degrees; and two light weight sweaters add about five degrees in warmth because the air between them serves as insulation to keep in more body heat.

## Prominent Attorney Accident Victim

Funeral services will be held Thursday for Brooks Potter, a senior partner in a Boston law firm, who died Saturday at Lawrence General Hospital from injuries sustained in a Thursday automobile accident.

A resident of 400 Great Pond Road, North Andover, Potter, 77, was injured when a car he was driving collided with a semi-trailer filled with corrosive acids on Route 114 in North Andover.

Potter graduated from Milton Academy in 1920, Harvard in 1924 and Harvard Law School in 1927.

He joined the Boston law firm of Choate, Hall & Stewart that year, working his way up from associate, to partner, to senior partner.

Over the years he earned wide recognition for his trial practice, notably in the field of domestic relations, and as a fiduciary.

He was a member of the American Bar Association, the Massachusetts Bar Association, the Boston Bar Association, and the Family Law Committees of the latter two groups. He served as the first president of the American College of Matrimonial Lawyers and was a frequent lecturer in the Massachusetts Continuing Legal Education series.

Potter served for many years as trustee and chairman of the Executive Committee of Wheelock College, trustee and secretary of Episcopal Theological School, chancellor and clerk of St. Paul's Cathedral, Boston, treasurer of the Family Service Association of Boston, president of the National Conference of Social Welfare, and director of the Animal Rescue League of Boston.

Potter also directed a number of corporations, including Allegheny Corporation, Westfield River Paper Company, Glassine Paper Company, Fort Trumbull Paper Company, Russell Company and Sutton Mills. He was trustee of several mutual funds managed by Easton and Howard, and trustee and secretary of The Second Club.

He was a member of the Somerset Club, and the Delphic Club of Harvard, the North Andover Country Club and the Country Club.

He is survived by daughters, Martha Freebairn-Smith of Muir Beach, Calif., Penelope Saxe of Newton, and Priscilla Potter of Harvard; a sister, Mrs. Ernest B. Neal of Whitefield, N.H.; stepdaughters, Katria Wollenberg of Menolo Park, Calif., and Francesca Miller of Palo Alto, Calif.; a stepson, Rev. Frank Potter of Kentfield, Calif.; 13 grandchildren and four nieces and nephews.

Services will be Thursday at noon at St. Paul's Cathedral, 138 Tremont St., Boston.

Burial will follow in Newton Cemetery, Newton.

There are no calling hours. Funeral arrangements are under the direction of the J.S. Waterman and sons and McDonald Funeral Service.

Memorial contributions may be made to

Wheelock College, Riverway, Boston, or St. Paul's Church.

## Obituary...

### REV. FRANCIS J. CAFFREY

Rev. Francis J. Caffrey, 85, of Ossining, N.Y., a member of the Order of Maryknoll Fathers, died Dec. 9 at Maryknoll.

A native of Lawrence, he was educated in Lawrence schools, and was a graduate of Boston College with the Class of 1917. After graduation, he joined the Maryknoll Order and was stationed for many years at the Maryknoll House in Los Angeles, Calif.

He is survived by nephews, Federal Court Judge Andrew A. Caffrey, attorney Andrew A. Caffrey and Joseph F. Caffrey, attorney Andrew A. Caffrey of North Andover.

A Mass was concelebrated Dec. 11 by Bishop John W. Comber of New York and Auxiliary Bishop Daniel A. Hart of Boston, both Lawrence natives. Burial was at Maryknoll in Ossining.

## Don't Put Tree In Wood Stove

Please don't dispose of a Christmas tree in your wood burning stove or fireplace, cautions Arnold Greene Testing

Laboratories, a Natick firm which has been testing wood and coal burning stoves for industry.

Unlike seasoned dry hardwood, a Christmas tree is green wood, which has not been seasoned. Also the tree is pine with a high pitch content. Because of these two factors, a holiday tree could create a very dangerous creosote build-up if burned in a fireplace or wood burning stove.

The Arnold Greene Testing

Some 1.1 million disadvantaged youths participated in a nine week summer jobs program during the 1978 fiscal year, according to the 66th annual report of the U.S. Department of Labor.

## Dollars & Sense

When we spend your dollars to buy insurance, we ask ourselves some hard questions. Like "Are we buying from the best company", or "Does a larger deductible to create a smaller premium make more sense." or "Can we reduce your cost by changing some of your obligations?"

These are hard questions that demand careful answers. And we answer them. That's the way we do business. After all, if we're spending your dollars shouldn't we use a little sense?

# Wrong Gong Show Starts Andover Series

The Andover Series, formerly the Andover Cultural Series, will begin its 1980 program with the Wrong Gong Show on Saturday, March 29.

The Wrong Gong Show is looking to attract many talented acts from the Andover community. Family, students, as

well as corporate entrees are welcome to participate. The Wrong Gong Show will resemble its TV relative "The Gong Show" by having a community-known panel to judge the entrees. Contestants will compete with each other for cash prizes in the following categories: Best Talent, Best Corporate Talent, Most Unusual Talent, and Most Unusual Corporate Talent.

Auditions will be held on Sunday, Jan. 13 beginning at 1 p.m. in the West Elementary auditorium. All possible entries will be screened for talent and subject content. Contestants should bring their music with

them to audition, if needed. All entrees must register before January 11 at the Department of Community Services, 36 Bartlet St.

The Andover Series, now going into its third year, will include three programs. Consult this paper for complete information concerning these future programs.

Tickets may be purchased individually or in a package deal through a series

ticket (to be available the end of February).

## Nursery Christmas Party

West Parish Nursery School presented its annual Christmas show on Wednesday, Dec. 19.

Under the direction of Audrey DesRoches, Sherry Tupper, and Sue McHendrey, the students entertained their audience with "A Mexican Christmas Pageant" and "A Jingle Bells Christmas" skit. Featured in a duet were Matthew Reghitto and Jean-Paul Guerard singing "All I Want For Christmas Is My Two Front Teeth." Last, but not least, was the appearance of an ole flying ace from the North Pole — Santa Claus — who had presents for all.

West Parish Nursery School is at the junction of Lowell Street and Reservation Road in Andover. It is open to all denominations three mornings a week from 9 to 11:30 a.m. Inquiries for 1980-81 are welcomed by chairman Mrs. Souran DerAnanian, 1 Dean Circle.

JANUARY 3, 1980

**Punching Out  
For The Last Time**

After 34 years of service to the Andover post office, letter carrier Henry Boucher hung up his mail bag Friday. He is shown here at the end of his last day on the job, about to make his retirement official.

## Veteran Letter Carrier Ends 35 Years Service

After more than 35 years working in the Andover post office, Henry Boucher, 13 Brookfield Road, carried the mail for the last time Friday.

Boucher was surrounded by his fellow carriers as he was presented with a plaque in recognition of his service to the post office, and at 4 p.m., he punched the time clock for the last time.

He punched it the first time on Oct. 2, 1945 when Andover had only eight postal routes and mail carriers were paid 64 cents an hour. The Andover post office now has 20 routes and 20 vehicles to help the carriers make their rounds. When Boucher started, it had only one.

The 1945 population of 11,920 received more personalized service. Boucher said, than does today's population, measured at 26,050 by the 1975 state census.

One advantage then was that the 15 postal employees knew everyone in town and where they lived, and they walked their routes twice a day from 7:30 a.m. to 12:30 p.m. and again from 1:30 p.m. to 4 p.m.

Boucher said he worked every position in the post office during his tenure there.

"I worked money orders, registered dispatch, sorted mail, parcel post, and I carried every route in town — Shawsheen to Andover, Ballardvale, everywhere," he said.

Last week, Boucher was walking the Cheever Circle route off Elm Street, and noted the changes in the neighborhood. "It used to be one car would go by in an hour," Boucher said, "now it's like Route 495. And they used to have big chicken farms up there. It's a big change."

When the town's population was smaller, Boucher said, on a parcel post run, the mailman could open the front door of most homes, call in to the owner that he had a package, and set it inside the door. "You couldn't do that today," Boucher said.

Postmen used to put in about 60 hours per week, according to Boucher, with no overtime pay and no holidays. During the Christmas season, the mailmen would carry oil lanterns to light their way as they walked extra routes in the early evening to deliver the holiday mail.

Even the mailmen's old nemesis, the dog, is not as evident as it once was.

"Very few dogs follow me around nowadays," Boucher said. "There used to be four or five that followed me around everyday."

One day they probably did not follow him around was during the hurricane of 1954 which blew down heavy tree limbs and blocked roadways. Boucher was out on a route when the storm hit. "Somebody came up the back way and got a hold of me," he said. They were not sent to bring him in though; they came to tell him to continue delivering the mail.

Boucher recalled one year when Congress did not appropriate funds for the post office, and workers had to go without pay for more than a month. "We had to go out and get credit from places," he said, "neighborhood grocery stores. With supermarkets, you'd never get credit. I never want to see that again."

Postmaster Edward Morrissey, who began working at the Andover post office in 1943, said good-bye to his long-time colleague.

"It's sort of a melancholy time for me," Morrissey said to Boucher, "you're the last of the old breed."

## Cab Firm Closes

Andover Morrissey Taxi, the only Andover-based taxi service, closed Jan. 1, partially due to rising fuel costs, Town Manager Jared S. A. Clark said this week.

Clark said the company sent him a letter informing him of its intentions, citing the establishment of door-to-door elderly and handicapped van service, both within Andover and to Lawrence, as a contributing factor in its decision.

The manager said he had received complaints from Andover residents that calls made to Morrissey for a taxi left them "waiting for a cab for extended periods of time." Clark added that he had noticed several Lawrence-based taxi services operating in Andover recently.

The elderly and handicapped van service was arranged through funding from the Merrimack Valley Regional Transportation Authority and the town of Andover.

## Market Closing Saturday

Purity Supreme supermarket off Park street will close Saturday night as the firm begins extensive renovations of the store.

No specific date has been set for the reopening, according to Steven Durso, present manager of the Andover facility.

All employees of the Andover store have been transferred to other Purity Supreme locations, and some will be coming back to Andover when the remodeling is completed.

## Charged With Assault

A 22-year-old Lawrence man was arraigned in Lawrence District Court yesterday, charged with the New Year's Day rape of a 19-year-old Haverhill woman near Valle's Steakhouse on River Road.

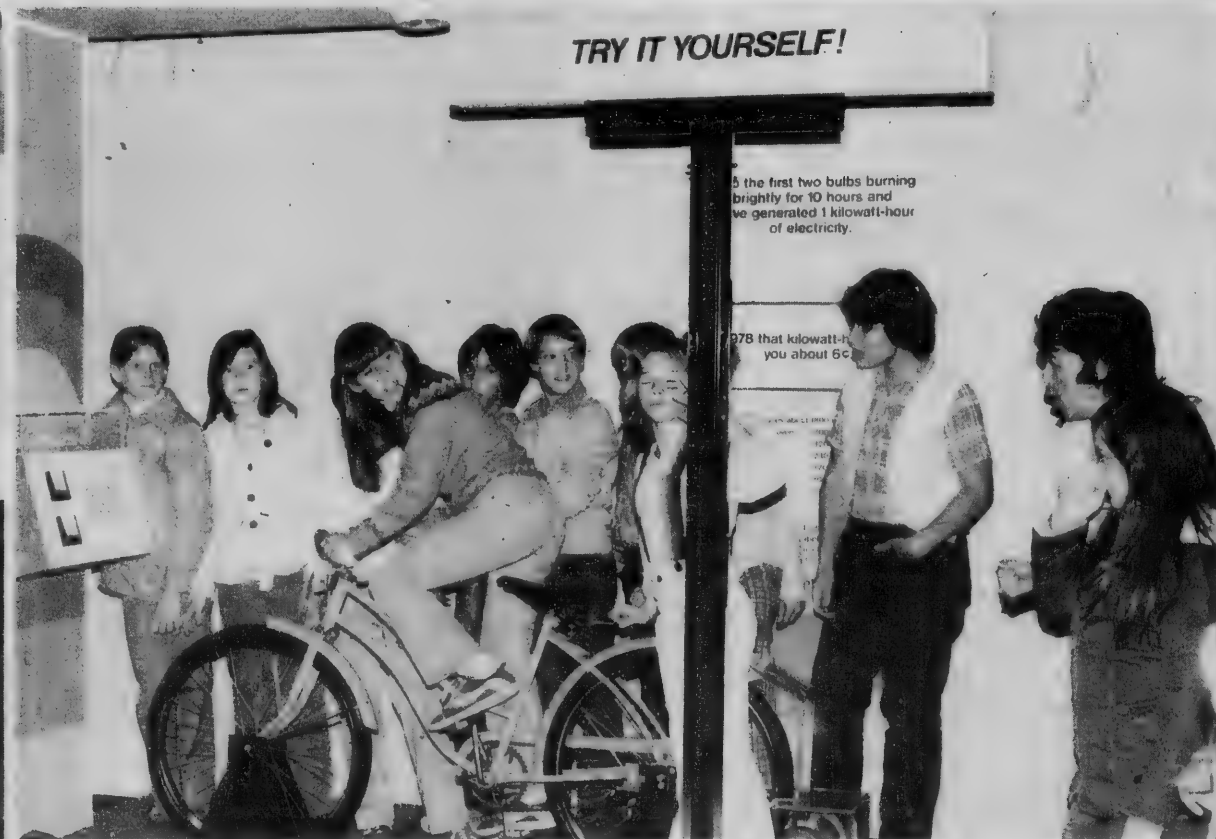

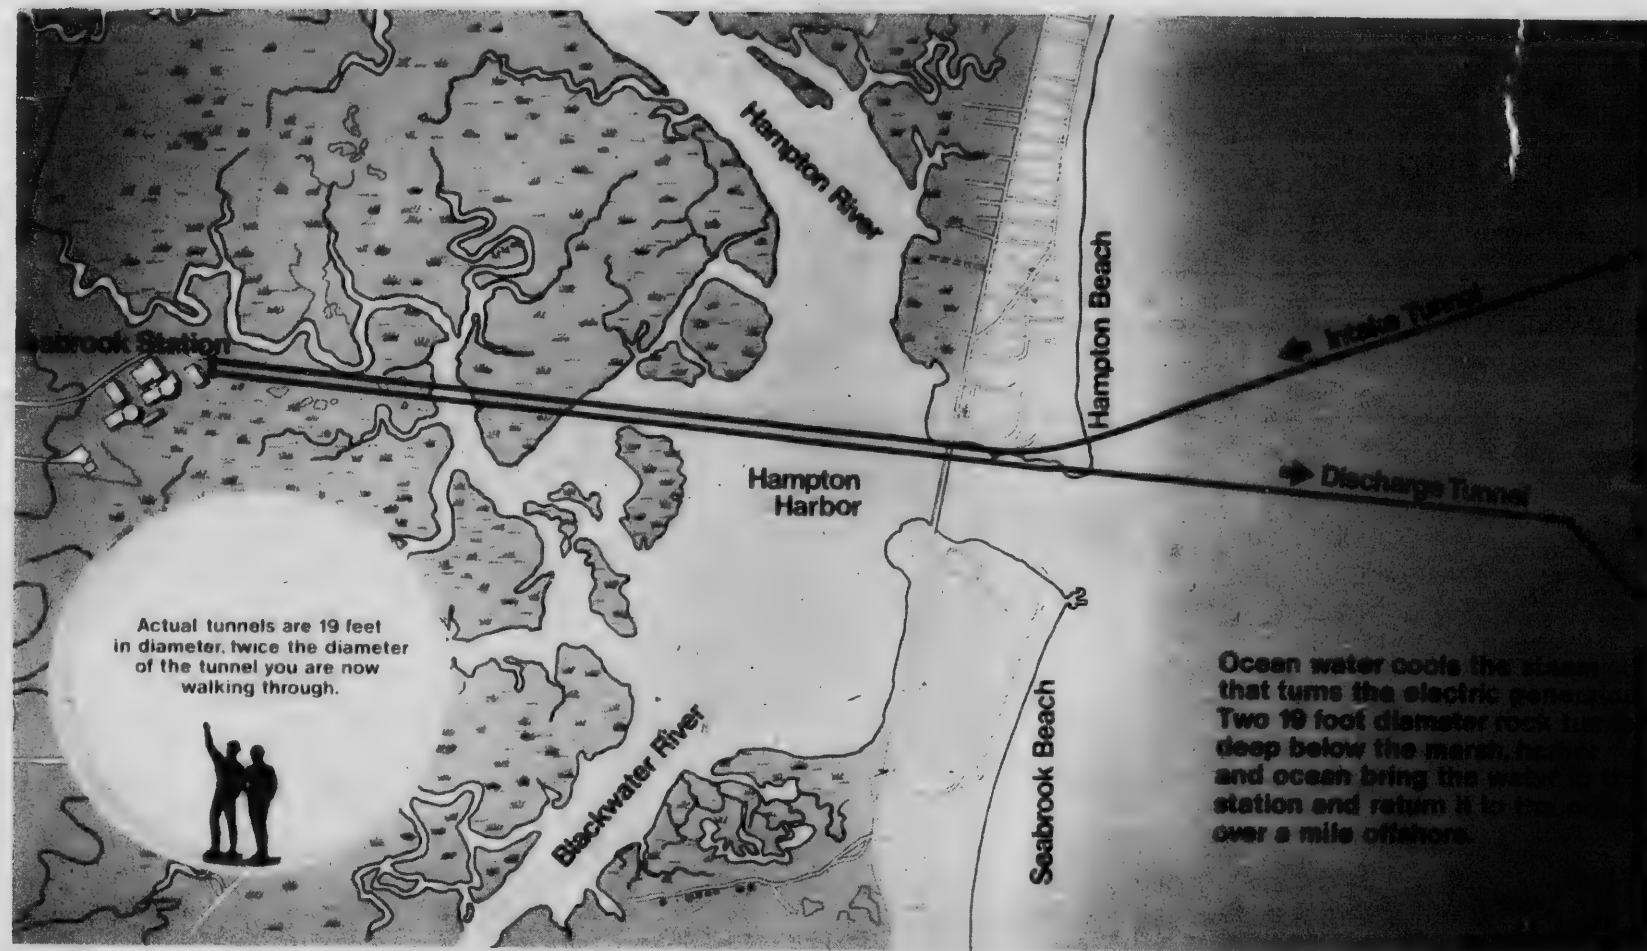

Ronald A. Beaudoin, 22, of 40 Lawrence St., Lawrence, was arrested by Andover police and charged with assault and battery, kidnapping, rape, and performing unnatural acts on the woman.

According to police, the young woman reported the assault at 3:30 a.m. Tuesday.

Investigations by Andover Sgt. Robert Parker, Ptl. Thomas Siopes and Ptl. David St. Jean and the Lawrence police department led to the arrest of Beaudoin at the Lawrence YMCA about 4 p.m. Tuesday.

## Students Learn About Energy

The availability of energy resources is a central concern in the U.S. today, and particularly to pupils in the traditional program at West Elementary School. Their Energy Awareness Program covers such sources as solar, solar seapower, coal, coal gasification, gas, pyrolysis (burning of solid wastes), wind and geothermal areas.

Pupils in Walter Rossini and Norma Macomber's classes recently visited the Seabrook Nuclear Plant at Seabrook, N.H., where they became familiar with basic energy sources and the operation of a nuclear plant, and took a tour of the construction site.

Clockwise, beginning at left: pupils test themselves after going through exhibits at the Seabrook Education Center; the actual plan for discharging nuclear wastes at Seabrook; bringing in and discharging ocean water that will cool the steam that turns the generators; Julie Hirsch and Instructor John Cavanaugh try to produce enough energy at the Center; and Torrie Fitzpatrick tries to rev up enough energy to light the bulb. Lookers-on, from left, are Amy Heartquist, Maura Powers, Sandy MacNeish, David Cox, Kelly Johnson, Laura Schroeder, Mrs. Macomber and Elizabeth Gorrie.

## A Winning Tradition

For those still blurry-eyed from bowl games and professional football playoffs of the past week, let us turn our attention to another sport and a justifiably proud record.

Even though football still commands some attention, we are in the winter sports season and in Andover, that season is dominated by a diminutive man who has dominated a big man's game for over two decades.

Wil Hixon has been at the helm of Andover High's basketball success for the past 20 years and as this year's season began he was presented his 200th win by the current group of Warrior hoopsters.

It is a significant accomplishment when one considers that in his initial seasons at Andover, the Warriors had records of only a few wins. But in a matter of only a few years, Hixon was able to mold a basketball program which has resulted in Andover being represented in post-season tournaments in 16 of the last 17 years.

In 1970, Hixon's team won the Class C state title.

In developing a superb record at Andover High, Hixon has instilled a winning philosophy based on team play. And, in the daily grind of practices and the routine of

competition, Hixon leaves an imprint on the young men he guides. They learn the spirit of sportsmanship and fair play, along with acquiring the importance of working together for a common goal.

These qualities instinctively are carried with these young men when they go on to other fields.

The Warriors recently won their third straight Christmas holiday tournament at Merrimack College and seemed destined to again capture the Merrimack Valley Conference crown this season.

But, while records, wins and trophies are signs of success, we think that more importantly along with all of the earned accolades, is the fact that for the past 20 years Wil Hixon has been molding young men to meet the challenges of the real world through example and direction.

Andover is fortunate to have a man of Hixon's ability and qualities working with young men, not only on the basketball floor, but as assistant high school principal as well. Our congratulations on his accomplishments and best wishes for continued success.

# ANDERSON - SPEAR WEEKLY SPECIAL

## Richard M. Nixon Named Panhandler of the Year

By JACK ANDERSON  
and JOE SPEAR

WASHINGTON — In this holiday season of charity and giving, professional panhandlers enjoy a harvest of handouts with their hard luck stories. We're generally a soft touch for most of them. But we'll have to draw the line in this column on our nominee for professional panhandler of the year.

The well-heeled winner of the award is former President Richard M. Nixon who has his hand out for more dollars from the U.S. Treasury to subsidize his life in political exile. Since resigning from the White House in disgrace, the undicted Watergate conspirator has luxuriated at his San Clemente estate on the shores of the Pacific with the government picking up the tab for his office expenses. It's been costing the taxpayers about \$300,000 a year.

With the wanderlust of a deposed shah, Nixon has decided to abandon the sunny clime of California and move to New York City. As a former chief executive, the pardoned ex-president is entitled to collect eight dollars a square foot for office space to house a staff, seclude himself in writing self-serving memoirs and make phone calls to still sympathetic adherents.

Nixon has discovered that office rentals in Manhattan amount to approximately \$30 a foot. He wants to be compensated for his more expensive high-rise Ivory Tower. Additionally, he's trying to put the bite on the government for moving his operations from the West Coast.

Members of Congress are quietly getting ready to rebuff

Nixon's panhandling approach, especially since he's been reluctant to pay up \$86,000 he owes the government for fancy improvements to the San Clemente property he sold for a substantial profit.

Nixon's solicitation for more public largesse is now being weighed at the White House. It will be up to Jimmy Carter whether to request Nixon's extra funds from Congress in the budget he sends to the Hill in January.

**EXPENSIVE PROTECTION:** The unwanted shah of Iran is also bemoaning his high cost of living now that he no longer sits on a Peacock Throne padded with his country's oil millions. Members of his family confide that the shah may have to sell some of his real estate holdings to maintain his luxurious life style in Panama or elsewhere if he moves on.

One of his new expenses is for a security guard which used to be taken care of by the Iranian government. The rabid revolutionary regime that supplanted him has threatened openly to assassinate him. The warning took on a deadly serious aspect when the shah's nephew was gunned down recently in Paris by boastful agents of the Ayatollah Khomeini.

To protect his life, the shah has hired Jack O'Connor's Protection Service, a high-priced agency run by a former New York police detective. During the shah's stay at the New York Sloan/Kettering Hospital Center, two of O'Connor's heavily armed men stood guard outside the convalescent monarch's 17th

floor medical suite. His private quarters were shielded by specially installed steel doors and bullet-proof windows.

Another six guards, half of them O'Connor's agents, were positioned around the clock inside the shah's room itself. All wore bullet-proof vests and they kept handy a bomb blanket in the event someone tried to kill their client with a bomb or grenade.

When the shah slipped out of this country to Panama, eight of O'Connor's most trusted operatives accompanied him to the island sanctuary. They were instructed to be ready to travel anywhere in the world at a moment's notice. They coordinated their security precautions with the Panamanian government which provided additional help.

O'Connor protective blanket is now extended to all members of the shah's family. Among those being shielded are a son at Williams College in Massachusetts, a daughter at a Connecticut boarding school and three other children at private New York schools.

**JUDICIAL JOLLITY:** There wasn't much ho-ho-hoing at the Christmas party tossed this year by the nine brethren of the Supreme Court for their law clerks and other underlings. The press corps which covers the Court was excluded and only a few select outside guests were invited.

We've learned however that there was precious little jollity in the wake of our disclosures of the hair-pulling that goes on among the justices behind the velvet red

curtain that separates the public chamber and their private quarters.

the fare for the festive occasion was gallons of spiked punch, catered gourmet appetizers and fancy pastries. The invitations to the affair gave the impression that the justices had paid for the Christmas goodies out of their own pockets and a Court spokesman insisted to us this was so.

The employees, however, were aware that the party was funded at least partially by profits from vending machines located around the building. Most of the nickels, dimes and quarters in the machines come from snack-hungry employees and tourist visitors.

**WATCH ON WASTE:** A University of Wisconsin researcher has found a Shangri-la project in the Andes of Ecuador at the expense of the American taxpayer. The National Science Foundation last year coughed up \$30,000 for Prof. Richard Mazess to study why the natives in the mountains managed to live so long. Many of the people claimed to have been born more than 100 years ago.

Mazess discovered from his on-the-spot research that the Ecuadorean elders were fibbing about their ages. Church records showed they were younger than they claimed.

Nonetheless the federal agency doled out an additional \$26,000 for Mazess to pursue the Fountain of Youth in the Andes.

### Warriors Holiday Champs Again

Andover High's Golden Warriors won their third straight Christmas Holiday tournament this past week at Merrimack College, edging a tough North Andover team, 52-46 in the championship final. Photo at upper left shows Andover's Kip Jones going after a loose ball with Methuen's Dan Caraccio in opening round play. At upper right, Todd Orlando (54) blocks a shot by Charlie Nasser (35), while Dave Nardone, (45) comes over to assist. Bottom photo. Kip Jones (12) eludes Guy Kothman (25) of North Andover for a score. For the Warriors it was their 13th consecutive win in tourney play over the past three years. The Warriors Rip Williams was the tourney's Most Valuable player, and joined Orlando and Jones on the tournament all star team.

# Andover Hockey Association

## Squirt A Team

### Andover 5 — Danvers 2

The Squirt A's put out an impressive team effort, taking a 5-2 victory, and dominating a Danvers Team which had beaten them by one goal a few weeks ago. Mark Neaves opened the scoring late in the first period with a power play goal on a fine pass across from Kyle McCabe. Danvers then put on their best display of hockey of the night and tied the score within a minute. But Andover came back with three unanswered goals in the second period, and another in the third to put the game out of reach. Matt Young's rush into the corner drew all the defense over, and he drove a pass to James O'Brien standing alone in front, leaving James plenty of time for one shot to be blocked before driving in his own rebound. A few minutes later Dave Riddiford scored on an assist from Neaves, and Pat Breen upped the score on a goal with the assist to Brent Raftery. In the third period, Neaves notched his second goal of the night, with assists to Riddiford and Breen. In the closing minutes, Danvers scored their second goal on a good rush in the offensive zone.

### Andover 1 — Winthrop 3

Andover continued to show improvement and all around steady play, but was beaten in a tough game by one of the better teams in the league. Winthrop scored first, but a few minutes later the line of Chris Sapuppo, Matt Alden and Steve Donovan put on a show of tremendous forechecking, and hard digging deep in the Winthrop zone, and Chris banged in a loose puck to tie the score. Winthrop then pulled ahead with a goal at the end of the first period, and assured the win with a goal at the end of the second.

In between and during the third period, both teams provided fans with non-stop, exciting hockey. With Winthrop leading by only one, Matt Young, who played a steady game offensively and defensively, took a smart penalty to stop what was turning into a breakaway, and the shorthanded situation was well handled by Matt Neaves, Matt Alden, Steve Donovan and Kyle McCabe. Later, with Winthrop shorthanded, Neaves, Donovan and McCabe along with Mark Berberian and Jamie O'Brien provided good power plays, which Winthrop barely held off. Bob Stoltz, Mike Nelligan showed steady support on the wings, and Brent Raftery's forechecking

was an important factor. Over the past several games, the Squirts have been getting solid effort from Peter Trede, Dana Forbes and Tom Tormey, and goalies Jim Berberian and Chris Hansberry have been consistently making key saves on tough plays.

With the season half over, a vastly improved team of hockey players, and a dedicated cheering section, along with two deserving coaches will be taking a short holiday break.

# Warrior's Take Invitational

The Andover High Golden Warriors Indoor Track team outran the rest of the field to win the Third Annual Methuen Invitational track meet held in the Methuen Field House.

There were 17 schools in the meet with approximately 400 athletes competing. The top 4 scoring schools were: Andover 74, Methuen 53, Haverhill 51 and Chelmsford 29.

The scoring for Andover was led by a tremendous effort from Co-Capt. Bob Wilkins in the high jump. Wilkins won the event with a leap of 6'7" to set a new meet

and Methuen Field House record. The previous meet record was 6'5" set by Wilkins last year.

Andover's other three captains figured in the scoring also, Jeff Barlow was 2nd in the 1000 with a time of 2:27.9. Bob Flaherty won the 300 in 35.1 sec., and Noel Pigano was 2nd in 440 in 55.5 and 3rd in the shot put with a heave of 49'1".

The Warrior mile relay team won their event in a time of 3:44. The team was led off with Jim Lacourse, followed by Rich Jennings, Bob Wilkins and Noel Pizano.

Jim Lacourse kept his undefeated record intact by winning the 50 in 5.8 while

having recorded two 5.7s in his trials.

Rich Jennings placed 2nd in the mile in a tough race with Haverhill's Mike Walukivilich. Rich's time for the run was 4:37.9.

Andover's two-mile relay team of Chuck Burnett Bruce Bickerton, John Hoyle and Bob Foley rounded out the scoring by taking 4th place with a time of 9:17.

## Free Ski Lessons Offered

The United States Ski Association (USSA) is bringing free cross country skiing to The Andover Area when the Bill Koch Ski League sets up shop at Sheraton-Rolling Green Ski Touring Center on Sunday, Jan. 6 from 10 a.m. to 12 a.m.

The Bill Koch Ski League is a nordic skiing program for children 13 years old and under, offered in this area by USSA. USSA is the nationwide consumer-oriented skier's organization, the national governing body for amateur ski competition and the largest supplier of recreational skiing benefits in the country. The Bill Koch Ski League is made possible by a grant from the Travelers Insurance Companies of Hartford, Conn.

In order to provide an opportunity for more children to try cross country skiing, USSA is sending a "mobile ski shop" to this area. This is a van equipped with sets of cross country skis available to children interested in trying the sport.

A ski clinic will be conducted by specially trained ski coaches. Activities will include cross country skiing, ski jumping, special U.S. Ski Team skills, and lots of rollicking ski games.

Children 13 and under who would like to try cross country skiing and jumping are invited to participate in this free session. Children who attend should be dressed properly for outdoor sport. All equipment for the clinic will be provided by the van.

Parents and interested nordic skiers are welcome to attend and help out with the program or participate in an adult clinic

that will run concurrently with the children's clinic. The coaches will be available to answer questions about the Bill Koch Ski League and about nordic skiing in general immediately following the clinic.

In case of bad weather, the clinic will be held indoors at the same time, same place. For further information contact Pat Patterson.

## Pee Wee B Loses To Wilmington

The Pee Wee B's played another very strong opponent at the Wilmington Youth Arena on Saturday and came out on the losing end 9-1. Chelmsford played up to its billing as one of the league's strongest teams by holding a territorial edge over Andover's hustling Pee Wee B's in each of the three periods. Left wing Mark Paskowski turned in a very solid game, as he and linemates Jeff McNeil and Paul Fuchs had several scoring bids.

Andover's Tommy Herling, Larry Prestia, Chris Madden line, backed by defensemen Shannon McCabe and Sandy MacNeish, also played well in the game. Jeff McNeil averted a shutout by scoring on a nice solo rush late in the third period. Goaltender David Barry had a number of good saves despite the score, and defensemen Matt Shine, Brian Gibson and John Gangi played their usual steady games. The Chelmsford goalie counted

## Dog Show Weekend Scheduled

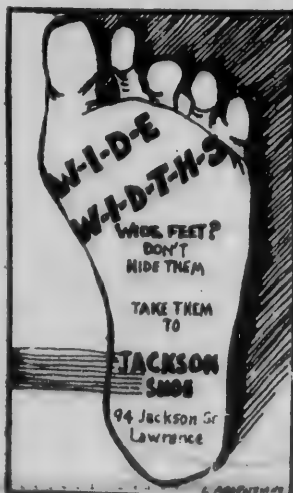

A winter AKC Breed and Obedience Dog Show Weekend will be held for the first time in the north of Boston area on Saturday, Jan. 19, and Sunday, Jan. 20, at the Aleppo Shrine Hall in Wilmington. Dr. Michael M. Cook, president of the North Shore Kennel Club, announced today. Over 1200 dogs in a wide range of AKC breeds will compete in each of the two one-day shows for conformation and obedience awards, with judging beginning at 9 a.m. each day.

"Most dogs are in prime condition in the winter months," Dr. Cook noted, "and we feel spectators will welcome a full scale AKC competition in the post holiday winter season. Attending a major AKC dog show is exciting and very inexpensive family entertainment."

Show Chairman Fred E. Lewis added that the North Shore Kennel Club, one of the oldest AKC dog clubs in the nation, has presented AKC shows annually in June for over 40 years, but the Saturday, Jan. 19 show is the club's first winter AKC presentation. "The idea was developed in conjunction with The Greater Lowell Kennel Club, which will present its first winter show at the same location on the following day," Lewis said. "It should be a great weekend for animal lovers."

The Aleppo Shrine Hall, site of the weekend dog show, is located just off exit 13 of Route 93 in Wilmington. (Exit 13 is five miles north of the junction of routes 93/128). Parking is free; catalogs and refreshments are available.

"Safe starting, stopping and cornering in winter weather depends on the grip a few square inches of rubber can get on wet, icy, or snow-covered pavement. It's worth the extra time and effort to make sure that grip is as tight as it can be."

Concord team. The difference in the score was a Concord goal in the first period on a questionable long whistle, with several players from both teams crowded in front of the net, most of them lying on the ice with the puck under them. Each team had a couple of power play opportunities. For Andover, forward combinations of Mark Neaves, Steve Donovan, Kyle McCabe, Chris Sapuppo and Matt Alden, along with defense pairings among Jamie O'Brien, Matt Young and Mark Berberian and Peter Trede repeatedly tested the Concord Goalie, who held off all efforts. At the other end, Andover Goalie Jim Berberian kept the game a battle of goaltenders, picking off a shot labeled for the to corner with a fast glove hand, kicking out a couple of tough screen shots, and robbing Concord on a couple of breakaways. On the forward lines Brent Raftery and Bob Stoltz played an effective forechecking game, while Pat Breen and Mike Nelligan did a lot of heavy work, digging the puck out of the corners to set up scoring bids.

Chris Sapuppo scored Andover's Goal midway in the third period, picking up a loose puck in the Concord zone, and moving around two defensemen to come in alone for a sharp wrist shot.

## Squirt B Team

Andover 1, Agawam 2

Andover's Squirt B's played a hard, even game with Agawam, but came up on the short side of a 2-1 score, when Agawam scored the game winning goal on a power play. The game was scoreless through almost two periods of steady up and down play, with Andover dominating most of the action. Bob Stoltz, Peter Donegan and Mike Nelligan kept steady pressure on the Agawam goal throughout the first period, while defensive pairs Andy Jowett with Mark Duncan, and Gregg Kinsky and Dan Haggerty kept holding back Agawam clearing attempts.

Both teams had hot goaltenders in this game, and for Andover, Chris Hansberry made sharp sves on screen shots and denied several breakaways. At the other end of the ice Gregg Farnham came close on a couple of Andover breakouts, and with linemate Doug Bleszinski setting up plays from the corner, kept up steady offensive pressure.

With Agawam ahead by two goals later in the game, Andover closed the gap. Steve MacSweeney moved around an Agawam defenseman, and got off a good screen shot which was blocked, but Mike Nelligan picked up the rebound about five

feet out and beat the goalie to the stick side.

## Pee Wee B

Kenny Young recorded his first shutout of the season on Saturday, Dec. 22 as Andover's Pee Wee B's defeated Cambridge 2-0 in a very chippy game. The game was rather evenly played through most of the first period with Andover's Mark Paskowski, Jeff McNeil, Paul Fuchs line applying constant pressure on Cambridge's excellent goalie. When Cambridge threatened, Andover's defense pairings of Brian Gibson, Jimmy Burgess and Matt Shine, Sandy MacNeish did their jobs to keep the pressure off their goaltender.

Andover began to dominate play in the middle period, led by center Timmy Donovan and wingmen David Young and Ronnie Forbes, each of whom got off good shots. Defensemen John Gangi and Shannon McCabe made key plays in the period by breaking up Cambridge rushes. Andover finally got the puck by the Cambridge goalie early in the third period. Timmy Donovan was checked very hard into the boards but no penalty was called. This seemed to give Andover some spark and Tommy Herling converted a Chris Madden pass for a 1-0 lead. Larry Prestia had stolen a Cambridge pass to feed Madden on the play.

Andover capped the shutout victory with a goal in the final minute. Matt Shine broke up a Cambridge rush in the Andover zone, carried the puck to the Cambridge blue line, and fed David Young who got off a fine shot which was stopped by the Cambridge goalie. Ronnie Forbes was in position for the rebound, however, and put it into the net to insure the well earned victory.

## Hours Change

As of Jan. 2, 1980, the Peabody museum of Salem will open its doors to the public at 10 a.m. instead of 9 a.m. as heretofore.

The change is being made for reasons of economy. It is estimated that cutting one hour can save six to seven thousand dollars annually in heat, light and personnel costs, according to Peter Fetchko, the Museum's Assistant Director.

For 1980, the Museum will not be open Monday through Saturday, 10 a.m. to 5 p.m.; Sundays and holidays, 1 to 5 p.m.

**Leo J. Couture & Sons — Junk Car Removal, Used Auto Parts, Complete Radiator Service**

Car radiator giving you trouble? Have it checked out by the experts, Leo J. Couture & Sons, 54 Medford Street (behind Essex Plaza) in Lawrence. Service and repair for any car or truck radiator is available in this complete radiator shop.

Kevin Torrey, manager of Leo J. Couture & Sons' auto radiator shop, recommends preventive maintenance for your radiator. Be sure you have the correct amount of anti-freeze and water at all times. Have your radiator reverse flushed to prevent clogging and remove scale and rust deposits.

Couture's complete radiator shop can solve your radiator

problems, large or small, on cars or trucks, foreign or domestic vehicles. No job is too small or too big for them to handle. At Leo J. Couture & Sons you are getting the benefit of professionals in the business. The men in the shop have full school certification in radiator work.

Couture's has the newest modern equipment and the know-how to solve your radiator problems. They can repair it, or if it's too far gone, they can supply you with a used radiator from their huge parts inventory, or they can sell you a new radiator. One way or another, your radiator problems will end at

Coutures. This includes any heater work, gas tank repairs, any job involving your heating & cooling system.

This is the same Leo J. Couture & Sons that offers the highest prices for wrecked cars. They also sell used auto parts for any make car or truck on the road today. And they offer 24-hour towing service. If you have a late model wreck with some usable parts, call Couture & Sons. They will tow it away and give you cash on the spot for it. Their 16 years experience in the business is your guarantee of a fair deal.

Call Leo J. Couture & Sons at 686-5884.

## Real Estate

By DOUGLAS N. HOWE

REALTOR

### RENT WITH OPTION TO BUY

If your home is on the market long enough, you'll hear the proposition: "I'll rent your home with the option to buy." We've heard it time and again. It is usually made by someone who wants to get out of the rain and is not really serious about buying ANY house.

I would not advise you to rent your home under these circumstances unless there is a serious consideration for the option over and above the rent. The consideration should be a significant amount because you are removing your home from the market. The longer the period of time, the larger the consideration. The option may or may not apply

against the sale price. These and many other items should all be specified in the option contract which should be drafted with even more care than the usual purchase and sale agreement.

Most important of all — remember that you are now culling your prospects down to one — one who has already told you he would prefer to rent than buy.

If there is anything we can do to help you in the field of real estate, please phone or drop in at THE HOWE AGENCY, 4 Punchard Ave., Andover. Phone: 475-5100. We're here to help.

## Historic Group Gets Grant

The Andover Historical Commission recently received a major vote of confidence for its ongoing preservation efforts. A matching grant-in-aid of \$8,950 was awarded to the commission from the Dept. of the Interior, Heritage Conservation and Recreation Service. This funding was made available by the Massachusetts Historical Commission under provisions

flattened and widened. Sidewalks would be built along side them.

Estimates for the improvements were expected about the second week in January, Clark said.

The town would pick up the bill for the improvements, Clark said, because they would not conform to state Chapter 90 specifications. Conformance would increase traffic on Woburn Street and Ballardvale Road, Clark said. "To widen Ballardvale Road to that extent would encourage more traffic," the manager said, "and would tend to take away from a number of front yards."

The reconstruction of Elm Street last summer was done to Chapter 90 specifications, Clark said.

### Comedy

"The Comedy of Errors," William Shakespeare's early comedy hit, will be presented by Boston Shakespeare Company beginning Jan. 9.

"The Comedy Of Errors" was first performed at the Globe Theatre, London, in 1594. The play was a popular and critical success for the 30-year-old playwright. This BSC production sets this wild and zany story of identical twins and the confusion of mistaken identity in the silent movie era of Chaplin and Keaton. "The Comedy Of Errors" will be directed by Artistic Director Bill Cain.

"The Comedy Of Errors" will run every Thursday and Saturday evening.

of the 1966 National Historic Preservation Act.

The grant enables the local Commission to proceed with plans for a nine-month project in Preservation Planning and National Register nomination. In this phase a professional planner will work with the community to review the extensive Historic Sites Survey completed by the Commission in 1978. Inventoried sites will be mapped, historic resources evaluated and plans developed for preservation of significant structures, sites, bridges and other traces of Andover's rich history. Among the methods of preservation will be a multiple resource National Register nomination for the town.

The commission welcomes volunteer assistance in expanding the Survey, completing detailed research forms and publicizing project findings.

## Tax Forms In Mail

The office of Commissioner L. Joyce Hampers of the Department of Revenue announced that some 2.25 million Massachusetts personal income tax forms for 1979 were in the Post Office for delivery.

Deputy Commissioner George Osganian, whose division processes the forms, estimated that by June 30, 1980, some 1.9 million refunds will have been issued for a total of \$200 million.

"The earlier taxpayers file, the earlier they can expect refunds," he said.

There are changes for 1979 which include the following:

— Exemption amounts have been increased for dependents and persons 65 or over, from \$600 to \$700. The exemption for

the blind has been increased from \$2000 to \$2200.

— Part of unemployment compensation will be taxable in certain cases.
